## Reflection Questions:

- What good things have you judged as bad because of the corruption of sin?
- What things have you rejected because of unlawful use that you need to recognize and receive as good gifts from God?
- How has God used the law in your life to convict you of sin?
- If you are a Christian, how did God use the law in your life to lead you to salvation?
- According to this passage, how do Christians and the world differently approach the law?
- Spend time this week in your regular personal prayer time reflecting on the gospel. If you are a Christian, give particular attention to your salvation from the wrath of God, the forgiveness of your sins, and what it means to be holy before God.
